Recruiter
MoveOn.org
Democracy in Action

Dear Recruiter:

I would like to express my interest in the senior analyst and researcher position at MoveOn.org posted on FlexJobs.

As you will see from my resume, along with a PhD in mathematics, I have extensive experience developing robust data-driven machine learning applications using R, Python, Java and MySQL. I would love an opportunity to apply my analytical and programming skills to support MoveOn.org in its mission to organize real progressive change.

I look forward to hearing from you about this opportunity. I can be reached by e-mail at bob@calcworks.net and by phone at (207) 671-1101. Thank you for your time and attention.

Sincerely yours,

Bob Flagg
